Profile

I am a dedicated touring professional with extensive experience with exceptional shows, excelling in Props, Carpentry, Video, Lighting and Special Effects. With the proven ability to lead teams, problem solve, and ensure seamless show operations. Proficient in skills that will advanced any show, and adept at collaborating with all departments to deliver exceptional performances.

Experience

BTS ARIRANG Tour: Monitor/ Video technician, NightHawk, *2026*
Led a team in the installation and positioning of stage monitors, ensuring proper functionality and maintaining a clean appearance. Facilitated load-out operations by coordinating equipment for transport and personally packing and loading trucks to ensure accurate and efficient handling of equipment.

Wheel of Fortune Live!: Game Master & Wall Control, RAE, *2025*
Assemble, cable, and map two ground-mounted 7x7 and 11x 5 LED walls. Configure, service, and troubleshoot media servers, video processors, and signal paths to maintain consistent video output and integrity. (Novastar) Operate game control software during live performances, executing audio video, and game cues in real time based on host and contestant responses.

The Champions of Magic: Assistant Props, Special FX, Carpenter, 2024
Maintained roles in every technical department. Focusing heavily on Props, Carpentry, and Special effects. Leading teams of 15-30 local stagehands to: assemble large complex props, hang soft goods, set pieces, and automation motor tracking video walls. From running motors to assisting head SFX load and position pyrotechnics and confetti. I ran an extensive show track with heavy complex props maneuvers and audience participation.

The Illusionists: Magic of The Holidays: Deck Electrician, 2024
Lead 15 local hands to assemble and hang lighting fixtures, while overseeing connections. Identifying and documenting potential hazards associated with cables and lights. Performed repairs and routine maintenance such as replacing lamps and damaged color filter. Developed advanced knowledge of DMX protocols, dimmers, and the GrandMA system.

IATSE Local 333: Stagehand, 2024 - Present
Worked as head of departments in wardrobe, electrics, props, video, and carpentry. Collaborate with other stagehands to ensure smooth operations during ins, outs, and shows. Operate stage equipment such as lifts, motors, turntables, winches in accordance with safety guidelines. Demonstrated daily procedures and safety to newly hired employees.

Awards

TIME's 2006 person of the year.
